THE HISTORY OF BRONKHORSTSPRUIT

Gauteng, South Africa

A TOWN BUILT ON HERITAGE, COMMUNITY & GROWTH

Nestled on the banks of the Bronkhorstspuit River, Bronkhorstspuit is one of South Africa's oldest towns, rich in history, culture and community spirit. From humble beginnings in the 1800s to a thriving town in Gauteng today, our story is one of resilience and growth.

EARLY BEGINNINGS – 1836

Bronkhorstspuit was founded in 1836 by Andries Pretorius, leader of the Voortrekkers. The town was named after the spruit (stream) where oxen (bronkros) were watered.

A TOWN ON THE FRONTIER

Strategically located between the Zoutpansberg and Pretoria, the town played an important role during the Anglo-Boer War (1899–1902) and was occupied by British forces in 1900.

AGRICULTURE & RAILWAY GROWTH

The arrival of the railway in 1892 opened doors to trade and agriculture, making Bronkhorstspuit a key commercial and farming hub in the region.

COMMUNITY & CULTURE

Built on strong values and faith, the town is known for its close-knit community, traditional countryside lifestyle and vibrant Afrikaans culture and heritage.

MODERN DAY BRONKHORSTSPRUIT

Today, Bronkhorstspuit is a growing town in Gauteng, blending small-town charm with modern development. It continues to thrive as a home to families, businesses and new opportunities.

Did You Know?

Bronkhorstspuit is one of the few towns in South Africa founded by the Voortrekkers and still retains much of its historical character and heritage.

Historic Church Street is one of the longest streets in South Africa with beautiful old buildings that reflect our rich past.
